PROFILE SUMMARY

Seasoned Software Engineer with 2+ years of work experience. On the lookout for opportunities in the domain of Data Science and AI/ML. Passionate about using high quality data to bring out insights and solutions to complex real-world problems. Skilled across the full ML lifecycle, distributed systems, and modern cloud platforms, with a strong interest in computer vision and signal processing. Currently on the lookout for new opportunities to contribute to meaningful projects.

SKILLS

- Languages: Python, TypeScript, PostgreSQL, Java, C++, Rust, R
- Machine Learning & GenAI: PyTorch, TensorFlow, Hugging Face, LangChain, Scikit-learn, JAX
- ML Inference & Serving: TensorRT, ONNX, Triton, vLLM
- Data & Distributed Systems: Apache Spark, Apache Kafka, BigQuery
- MLOps & Cloud Platforms: AWS SageMaker, GCP Vertex AI, Kubernetes, Docker, MLflow
- Core Competencies: System Design, A/B Testing, Distributed Training, Data Structures & Algorithms, High-Performance Computing

WORK EXPERIENCE

Software Engineer | **Simplify3x Software Private Limited**

January 2023 – May 2025 | 2 yrs 5 mos

- Worked on the two modules of SimplifyQA product, namely PDF Reports and Pipeline Executions.
- Designed and implemented RESTful APIs and microservices that led to significant improvements in response times and improving overall system scalability.
- Worked on MEAN Stack and JAVA.

CERTIFICATIONS

Google DeepMind: 01 Build Your Own Small Language Model

June 2026

Introduction to Data Analytics on Google Cloud

June 2026

Foundational C# with Microsoft Developer Certification

September 2023

AWS Academy Graduate - AWS Academy Cloud Foundations

November 2022

EDUCATION

CHRIST (Deemed-to-be-University), Bangalore (Central Campus)

December 2024 – Present

Doctor of Philosophy (PhD) in Data Science | 3.6/4.0 GPA

CHRIST (Deemed-to-be-University), Bangalore (Central Campus)

June 2021 – June 2023

Master of Computer Applications (MCA) with specialization in Data Analytics | 8.66 CGPA

St. Xavier's College (Autonomous), Kolkata

June 2018 – June 2021

Bachelor of Science (Hons.) in Computer Science with Physics and Mathematics | 7.24 CGPA

Auxilium Convent School, Barasat

June 2016 – June 2018

12th Grade, ISC Board | 71.20%

Auxilium Convent School, Barasat

June 2004 – June 2016

10th Grade, ICSE Board | 76.40%
