PROFILE SUMMARY

Seasoned Software Engineer with 2+ years of work experience. On the lookout for opportunities in the domain of Data Science and AI/ML. Passionate about using high quality data to bring out insights and solutions to complex real-world problems. Skilled across the full ML lifecycle, distributed systems, and modern cloud platforms, with a strong interest in **computer vision and signal processing**. Currently on the lookout for new opportunities to contribute to meaningful projects.

WORK EXPERIENCE

Simplify3x Software Private Limited • Software Engineer
January 2023 – May 2025 | 2 years 5 months | Bengaluru, Karnataka

- Developed and maintained two impactful modules of SimplifyQA product for the new UI, namely PDF Reports and Pipeline Executions.
- Designed and implemented RESTful APIs and microservices that led to significant improvements in response times and improving overall system scalability.
- Developed dynamic, data-driven dashboards using Angular and D3.js, enabling real-time visualization of key performance metrics for business stakeholders.

PROJECTS

Mediapipe OpenCV Projects • Mediapipe, OpenCV, Streamlit, WebRTC, Python

2026

- Developed a realtime object detection and landmarking system using Mediapipe (newer Tasks API), OpenCV and Streamlit.
- The application supports hand tracking, finger counting and face detection, and can be accessed via a web interface using WebRTC for video streaming.
- Will be adding more features like pose estimation and object detection in the future.

EDUCATION

CHRIST (Deemed-to-be-University), Bangalore

PhD in Data Science – 3.6/4.0 GPA Dec 2024 – Present

MCA with Data Analytics – 8.66 CGPA June 2021 – June 2023

St. Xavier's College (Autonomous), Kolkata

BSc (Honours) Computer Science – 7.20 CGPA June 2018 – June 2021

Auxilium Convent School, Barasat

12th Grade, ISC Board – 71.20% June 2016 – June 2018

10th Grade, ICSE Board – 76.40% June 2004 – June 2016

SKILLS

PROGRAMMING

Languages:

Python • C++ • Java • SQL • R

Machine Learning & GenAI:

PyTorch • TensorFlow • Hugging Face •

LangChain • Scikit-learn • JAX

ML Inference & Serving:

TensorRT • ONNX • Triton • vLLM

SYSTEMS & PLATFORMS

Data & Distributed Systems:

Apache Spark • Apache Kafka • BigQuery

MLOps & Cloud Platforms:

AWS SageMaker • GCP Vertex AI • Kubernetes

• Docker • MLflow

CORE COMPETENCIES

System Design • A/B Testing • Distributed Training • Data Structures & Algorithms • High-Performance Computing

CERTIFICATIONS

Foundational C# with Microsoft

Developer Certification

Sept 2023

AWS Academy Graduate

AWS Academy Cloud Foundations Nov 2022
